

Production and Manufacturing Unit

Arabian Insulation FZE (AIFZE) the industry leading product lines of metallic And Thermal insulation board , Production list as below

symbolized the highest quality standards in manufacturing and innovative design, with one of the most complete offerings available.

AIFZE products are known for their simple improvements, such as being the first item offering to standardize combination slotted/phillips screws on all

is also recognized as a leader in design innovation, as in our new metal stud bracket.

AIFZE to listen to customer and responds to their ever- changing needs. Contact a AIFZE distributor nearest you to select the right AIFZE product for your requirements.

1-Insulation (Rigid polystyrene board)

2-Cable Tray

3-Gypsum profile/channel & angle

4-Flush mounting steel back boxes

5-Junction Boxes , cover and Accessories-

6-Galvanized duct (AC – HVAC)

7-Corrugated steel roofing & wall sheet

8-PVC Coated & Bonded PVC Chain Link

9-GI clips for Water and conduit pip

10-Shelving (racking storage system)

11-Conex : steel , wooden , container (temporary cabin)

12-Water tank

13 – Electric Distribution box , wall mount Enclosure, Control Box , Power cabinet

1.Insulation polystyrene board (XPS)CO2 .foam

A high performance rigid extruded polystyrene insulation, which is very lightweight and has a high compressive strength. The product is resistant to the passage of water and will not degrade. It has a smooth skin on both faces and is rebated on all four sides. It is CFC and HCFC free .And low VOC

This product is for use with inverted (protected membrane) roof ,wall, floor constructions and can be used with a variety of Exterior insulation finishing system (EIFS) & waterproofing systems

2-Cable Tray Systems for Every Environment and Cable Type

Cable tray systems are the perfect solution for running large quantities of power or data cables overhead or under-floor. Also known as baskets, trunking, or cable ladders, these systems are designed to both route and provide support for vital wiring. Cable tray systems range from simple to highly customized, so it's a good idea to know what your application requires before you start shopping. Here's a quick rundown of a few basic tray styles and what they work

Electrical & Mechanical Cable Management , Tray , cover , Accessories

Material types AND finishing Pre-galvanized steel (to BSEN10142 & BSEN 10143) Hot dip galvanized steel (to BS EN ISO 1461)

3-Metal gypsum profile :

Drywall Partitioning system is an effective method to divide open areas into smaller rooms by the use of a track and stud system. Plaster is skimmed over the joints to ensure a flat continuous look. Aluminum doors and windows are easily installed.

Drywall Partitioning is quick to install and most typically used in Office, Industrial and Commercial buildings.

The lightweight construction, speed of erection, low cost, fire resistance and sound ratings have won this system wide acceptance throughout the building industry.

We are providing metal C studs and U tracks, made of galvanized steel coils, of various sizes and specifications to suit different markets' requirements. & Suspending ceiling system for drywall

4 Flush mounting steel back boxes

Switch and socket flush mounting back boxes Conform to BS 4662 Material : galvanized steel Top, side and back knockout entries according to type of box , Switch boxes are ,widely used in installation of wiring and accessories in residential commercial and industrial buildings.

Only suitable for use with metal clad, traditional and surfaces system metal plates Conform to BS 5733 where applicable Material finishing : grey epoxy coated steel and Powder coated

5. Junction Boxes , cover and Accessories

AIFZE the industry leading product line of metallic switch and outlet boxes used in electrical construction. Since 1995, the highest quality standards in manufacturing and innovative design, with one of the most complete offerings available. AIFZE products are known for their simple improvements, such as being the first box offering to standardize combination slotted/phillips screws on all

6. Galvanized duct (AC - HVAC)

Galvanized sheet metal ducts from the duct shop's HVAC ductwork is manufactured from high quality galvanized steel 3 foot length for easy handling .one end of each Piece is Crimped for easy fitting of consecutive joint of sheet metal fitting and flexible ductboxes. AIFZE is also recognized as a leader in design innovation, as in our new metal stud bracket.

AIFZE continues to listen to contractors and responds to their ever- changing needs. Contact a AIFZE distributor nearest you to select the right AIFZE product .

7 .hoarding/corrugated fencing sheet

AIFZE temporary security hoarding fencing :Steel fabricates fencing and aluminum fencing panels in various metal finishes and materials . Steel fence panels in GI , HDG , Powder coated form

8.PVC Coated & Bonded PVC Chain Link

PVC (“poly vinyl coated”) Coated chain link is available in black, green and brown. This is an extruded type of wire where the coating is thicker with a smaller core wire meeting ASTM F668 2A specifications.

9.Pipe clamps:

We are offering our client an excellent quality range of Pipe Clamps. These are manufactured from qualitative range of raw materials. These Pipe Clamps are offered in variety of designs, shapes and

10.Shelving (racking storage system)

pallets became the standard for storing goods, pallet racking is an essential part in warehouse storage systems in many industries.

11.Conex container : Available in 20 ' and 40 & different size materials ' , custom window and door option , plumbing and electrical hookups available , convertible units for large spaces ,Suggested uses : filed offices and laboratories , communication center ,security posts , sleeping quarters , kitchen and dining facilities . So available for wood and different size .

12.Water tank: is a container for storing liquid. The need for a water tank is as old as civilization, to provide storage of water for use in many applications, drinking water, irrigation agriculture, fire suppression, agricultural farming, both for plants and livestock, chemical manufacturing, food preparation

13,Electric Distribution box wall mount Enclosure, Control Box , Power cabinet

Equipped electrical enclosure wall-mounted/ plastic /power distribution AIFZE Installed on an energy storage unit from photovoltaic panels, this control box ... Load bench Reconfigurable cabinet that can be used for different voltages...A comprehensive range of steel industrial boxes with different dimensions in plain.. Thermal Control. ...Floor-standing and wall-mounted enclosures for 19" rack-BA. ... of distribution blocks to easily distribute electrical power within your panel,
